Jan 21 st	Return to Hybrid Group A for Johnsburg
Jan 22 nd	Return to Hybrid Group B for Johnsburg

Winter is here
Please make sure that your child is dressed for the cold. Even if there is no snow we put their snow pants on them to keep them warm. Make sure that everything is labeled. If it is not labeled, we will label it with a sharpie on the tags.

Home Recipes

Here at Natures scholars we are always looking for new recipes to try out as a school. If you have any easy recipes that you use at home for either lunch or snack that can be multiplied easily, please share with us. You can hand them to Ms. Julie our cook, or email them to info@naturesshcolars.com

We are not having a traditional Valentine's day party this year. If your child would like to hand out Valentines, they may bring them in at any time during the week of Feb.8th. The teachers will make sure they get handed out. They will be doing Valentine activities all week so everyone will be able to participate in the fun.

Baby New Year!

From our family to yours, we wish you a safe and prosperous New Year! Thank you all for your continued support and trust in us. It is a blessing to have the opportunity to be a part of your children's life.

Cleaning House?

Did Santa bring you a whole bunch of new toys and now you don't know what to do with your old ones? We always take gently used toys for donations. We try our best to rotate toys out as much as possible and always welcome new one to rotate.

Attention School Age Parents

With schools returning to Hybrid Learning, more changes of schedule are sure to come. If you communicate any changes of schedule to your child's school district, please make sure we are informed as well. As a reminder, regular full day charges will stay in place in order to keep both NSEC Rangers and the OG open if public school needs to go back to full remote E-Learning.

TRAVEL GUIDELINES

Nature's Scholars follows current CDC Travel Guidelines stated below. Please take this in consideration when making any travel plans.

Consider getting tested with a [viral test](#) 3-5 days after your trip and reduce [non-essential activities](#) for a full 7 days after travel, even if your test is negative. If you do not get tested, consider reducing non-essential activities for 10 days.
